'INJUNCTION PLANK MADE TO FOOL LABOR'--BRYAN

Commoner Shows That Republican Promise Is Repetition of Federal Statute Now on Books; Picks Platform to Pieces

Lincoln, Neb., June 22.—W. J. Bryan, in a statement today, hurled criticism at the anti-injunction plank adopted by the Republican national convention and charges the party with seeking to deceive labor.

Bryan's comment is embodied in an editorial prepared for the next issue of his paper, the Commoner, and is headed, "Republicans Deceiving Labor." Bryan says:

"The anti-injunction plank of the Republican platform, as finally adopted, is a transparent fraud. It is possible that the members of the committee were lured by some trust lawyer—that is the only charitable view that can be taken of it. Those who advocated the plank claimed to be doing it as a concession to the wage earners, and yet if one will read the plank he will see that it is in fact an announcement that the Republican party is unalterably opposed to the laboring man's position. The plank reads as follows:

"The Republican party will uphold at all times the authority and integrity of the courts, state and federal, and will ever insist that their powers to enforce their processes and to protect life, liberty and property shall be preserved inviolate. We believe, however, that the rules of procedure in federal courts with respect to the issuance of a writ of injunction should be more accurately defined by the statute; that no injunction or temporary restraining order should be issued without notice, except where irreparable injury would result from delay, in which case a speedy hearing thereafter should be granted."

"It will be seen that the plank begins with an unnecessary eulogy of the courts. Nobody is opposed to upholding at all times the authority and integrity of the courts. Nobody is objecting to the enforcement of their processes or to the exercise of

their powers to protect life, liberty and property. "The plank assumes that somebody is attacking the courts and that the courts are in danger of losing support or of having their powers weakened. There is no attack upon the courts and there is no thought anywhere of interfering with any legitimate function of the court."

"The Republican convention puts up a man of straw and then proceeds to demolish it; it suspects an unholy assault upon the judiciary and its righteous indignation at once finds expression in a boastful assertion of its innocence of participation in any such suspected assault. This part of the plank was an assurance to the people who are opposed to the laboring man's plea. And now let us proceed to that part of the plank which was intended as a sop to the laboring man. It says, 'We believe, however, that the rules of procedure in the federal court with respect to the issuance of a writ of injunction should be more accurately defined by the statute.' (Just what that definition shall be is not stated.) 'That no injunction or temporary restraining order should be issued without notice, except where irreparable injury would result from delay, in which case a speedy hearing thereafter should be granted.'

"Note the words in capitals (EXCEPT WHERE IRREPARABLE INJURY WOULD RESULT FROM DELAY) and compare this exception with the federal statute on the subject and you will find that under the law AS IT NOW EXISTS the court is not empowered to grant a temporary restraining order 'EXCEPT' when there appears to be danger of irreparable injury from delay."

"It will be seen that the man who wrote the injunction plank copied the statute almost word for word and made the exception as broad as the statute. If the convention had been

HELD FOR ROBBERY

Trinidad, Colo., (Special) June 23.—Charged with having assaulted with the intention of robbing S. Wilson of Aguilar, at that place Sunday, Bud Green, Dick Bell, J. Allen and B. S. Goodman were yesterday bound over to the next term of the district court by Justice West of that place and brought to the county jail last night by Deputy Ed. Truitt. The men are held under bonds of \$500, which none of the quartet has

yet secured.

The attempted robbery took place at Aguilar Sunday. Deputy Truitt started on the trail of the would-be bandits at once and located them a short distance out of town. Three of the party submitted to arrest but Goodman broke and ran for liberty. He was cofmanded to stop, but did not. The officer fired and the bullet grazed the left side of his head. Goodman fell prone to his face and was in a state of nervous collapse when the officer reached his side. It required some time to convince him that he had not been shot through the head. According to the belief of the officers, two of the men have criminal records and are wanted elsewhere.

Miss Lulu Young, of Sanford, Colo., is visiting her brother, Mr. Jesse Young.

Mr. W. E. Dawson is enjoying an outing at Six Mile Creek. Mr. Dawson has been engineer of the Koehler Coal mine for some time.
